

LETTERS TO *Paulo Freire*

from reading the world to reading the word

University Extension Event

“Colloquium Letters to Paulo Freire: from reading the world to reading the word”

The Extension Event: Colloquium Letters to Paulo Freire: from reading the world to reading the word” will be held from August 21st to October 02nd, in virtual environment. It is organized by University of Brasília (FE-TEF/MTC), Basic Education Movement (MEB), Federal University of Alagoas (UFAL), Federal University of Paraíba (UEPB) and Catholic University of Brasília (UCB). The event will occur at the 99th anniversary of Paulo Freire's birth and it will prepare the educator's centenary.

The event's main objective, of formative nature, is to raise, discuss and deepen topics and generating issues within the scope of popular education in COVID- 19 scenario, considering also the development means of this formation, the Freirean assumptions, the intervention approaches and social research. The colloquium will be developed through letters, of different resources and media languages in print version and communication and information technologies. Among other presentations and reports, the event will assemble educators who work in popular education projects, such as, popular courses, education in the field, rural settlements, urban camps, indigenous communities, quilombolas and others who work with specific social groups in situation of social vulnerability, also representing the priority audience of the event. The enrollments were closed and approximately 200 people signed up.
